> BISBER, Dec. 23, 1896. COPPERINGS.

A. A. McKenzie left this morning for Tueson for a short visit,

William Fahey, an old time Bishee miner, who has been away in Colorado for about two years past, returned on the train this evening. Colorado is all right, but what's the matter

Arnold Schmid came in on the train this evening to spend the holidays at home. Arnold is one of Bisbee's youths who is at present putting in his best time at the preparatory school at the University of Arizona. This is Arnold's first visit home since his entrance to the school and he will undoubtedly enjoy his visit.

It's no use gainsaying the fact that Bisbee is making a most rapid growth, or persons who are not away from the place for more than four or five months are much struck by the changes in those short periods. We WATER COLORS earnestly alvise all retired merchants To meet 'outside competition' will make you a high class life size Crayon for \$3.00. A good enlargement can be made from card, cabinet or lin type and capitalists to come over and invest in Bisbee town lots.

The Christmas festivities for the shildren of the Catholic Sunday school and church here were held at the rink here last evening and occasioned quite a little fun for the little ones. The usual program was emitted, but Mr. Ingle was so well fitted for his part of Santa Claus that the evening went off very well, and every one went home well satisfied with the enjoyable time they had spent.

J. J. Patton, foreman of that prince of Arizona dailies, THE TOMBSTONE PROSPECTOR, is over on a short visit and is taking in the sights. This is Mr. Patton's first visit to Bisbee in almost three years and he is much struck at the changes that have taken place in the meantime. As he graphically states, "the first thing I saw at Bisbee was change, and I have been GROCERIES | seeing the same thing over since."

The hunting party which left for the Ojo mountains about ten days ago returned yesterday well browned and in the best of health. The party in-AND TOBACCO cluded Frank Pendleton, Clarence Coffman, James M. Johnson and Little Jimmy Munch. They intended to remain away a week longer than they did, but owing to a slight scarcity of game, and also to the pitiful pleadings of Little Jimmy for a soft bed and-butter, they determined to return in time for the Rebeckah entersinment and ball this evening. Jimmy declares that the above is only i josh, and wants to bet an even hun dred that he's the best duck trailer in the county. We guess he is.

In making your selection of Christmas and holiday presents there is TOBACCO, nothing more appropriate than a well selected piece of jewelry. Our local jeweler, Mr. Schmieding, has lately laid in quite an assortment of arteres in this line, all of the latest and most approved patterns. His stock of geldquar-z jewelry is especially attractive, and a call on him may save you much trouble and care in your Christmaselections. His present assortment of watches and dismonds can't be best,

Two Lives Saved.

Mrs. Phoebe Thomas of Junction City Ill., was rold by her doctors she had con-sumption and that there was no hope for her, but two bottles of Dr. King's New Discovery cured ner, and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discoverp and in two weeks was cured. He is naturally thankful. It is ruch results, of which there are samples that prove the wonderful efficacy of the medicine in coughs and colds. Free trial bottles at Tombstone and Bisbeeding stores.
